SIX Big Bargains *on* Strawberry Gardens

Here's the chance for you to get a Special Kellogg Strawberry Garden that is exactly suited to your needs at a big reduction in price over our already low prices. Our big new book pictures in color and fully describes six wonderful gardens which Mr. Beatty has personally selected from the best varieties grown on the Kellogg Farms.

These Special Gardens will go like "hot cakes" because among them is a size to fit every need and a price to fit every pocketbook.

Send the attached post card today for our new FREE book and see what wonderful values these gardens are and how much money they will save you. Don't wait. Mail the post card at once.

Shall I Send You My BIG New Strawberry Book

FREE *and* Post-paid

Dear Friend:-

I want to send you my big 1924 Strawberry Book absolutely free and post-paid providing you are sufficiently interested to stick a one cent stamp on the attached post card, and mail it back to me.

This is, by far the most valuable Strawberry Book I ever have written, because it gives the very latest and most practical cultural methods--tells how to grow big crops of big fancy Berries and how to sell them at big prices, beautifully illustrated in three and four colors, pictures in natural color and fully describes all the Kellogg 100% everbearing and standard varieties, and tells all about our brand new worth-while everbearer, which is being introduced for the first time this year.

I know the very minute you cast your eyes over this unusually fine Book, you'll be mighty glad you sent for it. It's by far the most beautiful and best Strawberry Book I have ever put out in all the years I have been in business. It's brim-full of human interest and gives the very kind of information you want to help you grow a 100% crop. It tells how to make Strawberries pay the "Kellogg Way."

I am very anxious to send you this new Book, which has just come from the press; because it explains fully why the Kellogg Pedigree Plants produce bigger crops and better Berries than any other plants, and it quotes lower prices this year on the genuine Kellogg Thorobreds than have been quoted since before the war.

I am asking you to return this post card because this new Book of mine is entirely too valuable to send to any one except those who want to grow Strawberries, either for home use or for market.

Whether you have only a small garden, a few acres, or a big farm, you need this Book to help you grow the worth-while Strawberries--the big fancy kind and if you are enough interested to return the postal card I will mail you this Book free and without placing you under any obligations.

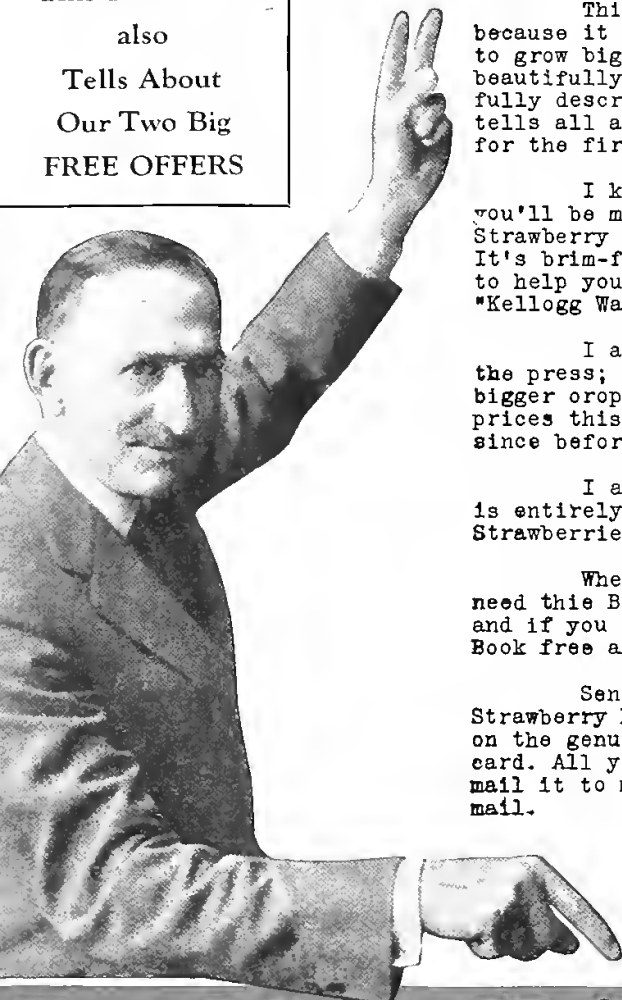

Send in the post card right now and get this valuable and beautiful new Strawberry Book--see for yourself the extremely low prices I am making this year on the genuine Kellogg Pedigree Plants. Your name and address is already on the card. All you have to do is to tear it off, stick a one cent stamp on it, and mail it to me to-day, and the Book will come to you free and post paid by return mail.

Sincerely yours,

R. M. KELLOGG CO.
